**Rocks Rally.**—  
NEW YORK, Nov. 20.—A comprehensive rally of from 10 to 20 points in the stock market today gave promise that reactionary influences are in retreat. The rise followed early indications that the defeat of the peace treaty might precipitate another depression.

From their first rally stocks showed a most steady improvement, the advance being extended by the easiest money in more than a week.

Only moderate amounts of money were demanded at the opening rate of 10 per cent, the inquiries evidently being so light as to cause a drop of ten per cent when the application was made. The time money was again quoted unchanged, but reports credited interior institutions with making loans at as low as 7½ per cent.

The closing of the market for the week leaves an Enclosed list of General Motors and Max Jean Petroleum leaders in their respective groups suggested that the shorts were having some trouble in covering their positions in the market.

International issues rallied, but the do-mestic bond list, including the Liberty group, was moderately lower. Total value per unit, aggregated \$14,000,000.
